

INDOOR & OUTDOOR APPLICATION

SAME GREAT TAPE, DUAL APPLICATION!

As the #1 Tape brand in the Canadian Construction market, **Tuck Tape** is constantly improving with high performing products that exceed industry expectations. With that goal in mind, our **Blue Tuck Tape** has been evaluated for indoor and outdoor application, making it the only sheathing tape that is CCMC evaluated for seaming both Housewrap and PE Vapor Barrier.

The 21908 Blue Tuck Tape is made of a UV resistant polypropylene film and coated with a specially formulated solvent-based acrylic adhesive. This tape was originally designed to seal, seam PE Vapor Barrier but can now also seam Housewrap.

THE 21908 OFFERS HIGH PERFORMANCE FEATURES:

- Outstanding adhesion on Polyethylene and Housewrap.
- High tack adhesive provides aggressive contact.
- Strong and durable holding power.
- Prevents air infiltration.
- Water and moisture resistant.
- Mold resistant.
- Excellent resistance to UV.
- CCMC evaluated, see Reports #11955-R and #14018-R.

Tuck Tape • The brand speaks for itself and guarantees the highest standards in the industry.
